1. It Starts in the Heart

It starts in the heart
Way down in the soul
It starts in the heart

Brick by brick and stone by stone
We all find a way to build a wall
And all we get is more alone
Can you see the stones have got to fall

We can let them stand, but then nobody wins
We can work together find somewhere to begin

Chorus:
It starts in the heart
Way down in the soul
That's the only place the seeds of love can grow
Then you realize that we're not that far apart
We can build a bridge - it starts in the heart
Way down in the soul
It starts in the heart

I look at you, you look at me
Can you see that I am on your side
Though we sometimes disagree
We can find a way to make it by

Though the road is long, and isn't always clear
I know there's some way to get there from here

Repeat Chorus

2. Get Ready

Chorus:
Good morning Good morning
Let's get ready the brain smart way

Get your focus ready - breathe, breathe,

Get your arms ready - stretch, stretch,
Get your brain ready - cross, cross,
Get your focus ready - breathe, breathe,

4. That Was Helpful

Chorus:
That was helpful
You helped somebody today
That was helpful
You helped to make a better way

You picked up the toys, so no one would fall
That was helpful

You used your big voice, so your friends could learn
That was helpful

You held the door open, so we could walk in
That was helpful

You shared a marker, so your friend could draw
That was helpful

Repeat Chorus

You wiped up the spill, so the table was clean
That was helpful

You moved to the side, so your friends had more space
That was helpful

You worked quietly, so others could hear
That was helpful

You said, "thank you," so your friends knew you cared
That was helpful

Repeat Chorus
